

# THE TALMAGE at Park Central

## Technology on Campus

Park Central residents have many different types of technology services at their fingertips. Most of the technologies are available in the apartments and even across campus. Here is a list of available services:

- Wireless Internet
- Wired Internet (Cable Modem)
- MyParkCentral.org Email
- Library Computers
- Cable Television
- Phone Service

## System Requirements

During the registration process, your device will be checked to ensure the operating system is current (including latest critical security patches), updated anti-virus software is installed, and the MAC (network) address will be collected. Contact the **BCS Technology Department** at **(806) 337-5291** to schedule the registration.

## Wired and Wireless Internet

Cable modems can be provided at a discounted monthly rate. The cable modem will provide a single wired connection to the internet. The cable modem can be upgraded to include wireless internet for a one-time fee of \$50.00. To order these services or report a problem, contact **The Clubhouse** at **(806) 337-4747**.

## Television Service

The Suddenlink hotel channel lineup is provided in each Park Central Building. A channel guide is attached to this packet, if lost or misplaced please contact [The Clubhouse](#) at (806) 337-4747, for another copy.

Upgrades to the cable service are not an option with our system. For additional viewing content we recommend streaming services as there are many options available for free or subscription-based content. Streaming services will require an internet connection and streaming device.

## Phone Service

Local phone service and one hour of long distance can be provided at a discounted monthly rate. A unique phone number is assigned to each apartment by the Park Central phone systems. For questions regarding the phone service or to report a problem, call [The Clubhouse](#) at (806) 3374747.

Dialing Instructions	
On-campus	Dial the last 4 digits of the telephone number
Local	1+(area code)+(seven-digit telephone number)
Long-distance	1+(area code)+(seven-digit telephone number)

## MyParkCentral.org Email

Residents of Park Central can request an email account on the myParkCentral.org domain. The email is hosted by Google and can be accessed by an internet browser from any device with internet access. Call [The Clubhouse](#) at (806) 337-4747 to request a myParkCentral.org email account.

## Library Computers

Computers are available in the libraries of [The Clubhouse](#), [Park Place Towers](#), and [The Continental](#). The computers can be used for work, leisure, social media, email, and more. Call [The Clubhouse](#) at (806) 337-4747 to report a problem with a computer in the library.

## Television Mounting

Mounting a television to a wall is permitted on the Park Central campus. The resident must provide necessary mounting hardware. The fee to mount the television is \$150.00. Contact the [BCS Technology Department](#) to coordinate at (806) 337-5291.

## Custom Wiring

The apartments at Park Central have different wiring configurations for wired internet (cable modem), cable TV and phone service. The wiring allows various options for technology in the apartment. Custom wiring can be added to the apartment. Contact the [BCS Technology Department](#) at (806) 337-5291 to discuss potential costs and options.

# Guests of the Park Central Campus

## Technology on Campus

Park Central guests, including family members and friends of residents, have many different types of technology services. Most of the technologies are available throughout the campus. Here is a list of available services:
